Editing Intern

Project Title	Editing Intern
Project Summary	Collaborate with fellow interns to create blog posts for the VAntage Point website. Roles range from interviewing veterans and manning social media accounts, to researching facts about veterans and writing about memorable veteran experiences. Help us bring awareness to American heroes!
Country	United States

Project Description

Editors will use their attention to detail to proofread and edit various posts for the VAntage Point website. This job may have you editing Veteran of the Day posts or participating in special projects such as editing headlines for special website announcements or interviewing veteran-based therapy organizations.

Examples:

This role requires the following skills: Having an excellent command of the English language, attention to detail, professionalism, Microsoft Word access and proficiency, time management, storytelling, and a willingness to learn.

Past editing experience (preferred, but not required)

The Department of Veterans Affairs' Digital Media Engagement Team internship is one of the largest and most established internship programs available through the Virtual Student Federal Service. This past year, our internship has hosted over 300 interns in various departments and leadership positions. If you want to join a team that is well structured and will offer meaningful work that will help you build skills that you can add to your resume, then we strongly encourage you to apply to our team.
